Staff, volunteers, tour guests, participant families and children are strongly encouraged to continue to act in alignment with their personal comfort level.

Physical distancing

- **No physical distancing will be required at either of Heartland's sanctuary locations.**

Handwashing

- **Indoors and outdoors:** Heartland staff **will continue to encourage regular hand-washing** and/or hand-sanitizing during programs, work shifts, and events. Hand sanitizer and hand-washing stations will be available.

Health screening

- Heartland **will continue to ask that all members of our community monitor for Covid-like symptoms and stay home if sick.**

For campers, guests and participants: If a program participant or guest tests positive for COVID-19 they should stay home until the following is met (based on the individual's health care provider):

- At least 24 hours have passed with no fever without fever-reducing medication AND symptoms have improved AND
- At least 5 days have passed since symptoms first appeared.
- Taking another test after day 5 is encouraged. If the results continue to be positive, the participant should continue to isolate for another 5 days.

As always, the safety and comfort of our community is our first priority. If you have any questions or concerns, we are happy to address them! Just email us at Info@HeartlandFarmSanctuary.org.
